

Build on your technical skills, education and practical knowledge with strategies you can use to leverage results.

Quick Guides for Managers

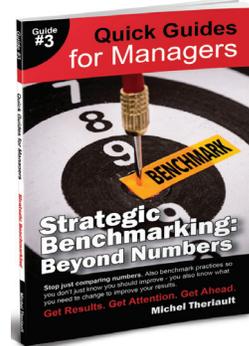

This series is specially designed for busy or aspiring Managers. It gives you quick, easy to read techniques you can apply on the job to get better results.

QUICK GUIDE #1
Write to Influence
Free eBook
Take what you know about writing and turn it on it's head. It's actually about influencing others.

QUICK GUIDE #2
Thinking Into The Corners™
Stop 'Thinking Outside The Box'. When options are limitless, you're likely to miss the obvious.

QUICK GUIDE #3
Strategic Benchmarking
Don't benchmark numbers - benchmark practices to learn what to change.

FUTURE QUICK GUIDE
Getting to Yes with your Presentations
You may have one chance to convince the boss, board or a client about something. Make sure your presentation is professional, compelling and convincing. It's not just about the slides.

FUTURE QUICK GUIDE
Developing Strategy
Don't think Strategy's in your job description? Of course it is. You can use a simple process and develop strategy to get better results from yourself and your team by developing a strategic path to your objective.

FUTURE QUICK GUIDE
Lead, Don't Just Manage
Just because 'Manager' is in your title doesn't mean you shouldn't be a leader to your team and organization. Leadership isn't reserved for the CEO. The complexities of managing others requires it. All you need to do is exercise it.

Whether you are a manager or an aspiring manager, you'll expand your skill set and learn techniques you can apply immediately to improve results from your staff.

You don't have time to read long, comprehensive books on Management theory so this Quick Guides series covers one topic in each pocket sized book with a practical approach and clear, concise information. It's written in an easy, accessible style you can get through quickly or refer to frequently.

You get easy access to key tips, suggestions, techniques and approaches that will help you improve how you manage staff, processes and resources.

Get Results. Get Attention. Get Ahead.

The author is a trainer, speaker, consultant, coach and advisor. He speaks at conferences, writes magazine articles, delivers workshops and provides consulting and advisory services to managers. Contact him at michel@successfuelformanagers.com or successfuelformanagers.com

These are the first three books in the series, with other to follow. They cover the main areas needed to help you get results and advance in your career.
